

EU Type Examination Certificate

Date: 2019/10/11

n. **734194101/OE**

Validity:
2024/10/10

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: **SRL UROPAM**
(Responsible of the PPE) SAT OBILENI – RL.HINCESTI – REP.MOLDOVA – MD3440

Type of PPE: **Safety footwear** in conformity with **EN ISO 20345:2011 class I** (= footwear in leather and other materials)

Category of PPE: **II** : "medium" risks.
This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.

Model **"HI0189 SANDY"**
Line HIP

Description:

model: A (low shoe);
fastening system: by means of laces;
processing: direct injection;
outsole: black monodensity PU;
upper: black cow leather declared thickness 1,5 mm, partially perforated, coupled with grey knitting, with an insert in the heel and tongue area in grey split leather "CROSTA VELOUR" declared thickness 1,5 mm;
tongue/bellows: black coated fabric article "Tyros PU Rugato", centrally lined and padded;
vamp and quarter lining: dark grey three-dimensional fabric AIR MESH SPACE BIRD'S "GRIGIO PIOMBO 942";
insole: white multi-layered fabric "TESSILTOSCHI K18.0/3 SLIM ZERO PERFORATION SLIM", which also serves as penetration resistant insert;
heel seat lining: black foamed PU matched with black fabric in direct contact with the foot, reinforced in the lower area by means of cellulosic material "Texon";
toecap: varnished steel article AHG SAFIT.

Technical Standard: **EN ISO 20344:2011** Personal protective equipment – Test methods for footwear
(UNI EN ISO 20344:2012)
EN ISO 20345:2011 Personal protective equipment – Safety footwear
(UNI EN ISO 20345:2012)

Intended use: general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.

Size range: from 36 to 42

Technical File: **DC-11236/E**

Test report: **RCT n°3811237/E**

EU Type Examination Certificate

Date: 2019/10/11

n. **734194101/OE**

Validity:
2024/10/10

Functions and performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2011): all mandatory ones, among which:

SRC = Slip resistance – meets the following requirement:

- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):

S1 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil; **P** = penetration resistance of the sole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a stitched label and displaying the following information:

- **CE Marking**;
- Name of the Manufacturer;
- designation of the footwear (alphanumeric code + commercial name);
- number and year of the Standard of reference + safety symbols;
- size of the footwear (printed on the outsole);
- month and year of production.

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
