

EU Type Examination Certificate

Date: 2022/05/10

n. **734221901/OE**

Validity: 2027/05/09

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	SRL UROPAM SAT OBILENI – RL.HINCESTI – REP.MOLDOVA – MD3440	
Type of PPE:	Safety footwear in conformity with EN ISO 20345:2011 class I (= footwear in leather and other materials)	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	"HA0808 ALTAN"	
Description:	<p><u>model</u>: B (ankle boot); <u>fastening system</u>: by means of laces; <u>processing</u>: direct injection; <u>outsole</u>: black compact PU marked "antistatic oil resistant anti shock"; <u>midsole</u>: black foam PU; <u>outer toetip reinforcement</u>: made of the same material as that of the midsole; <u>upper</u>: black grain leather VELOUR IDRO declared thickness 1,8 mm, matched with black canvas, orange 395 A fabric CORDURA matched with beige fabric DRILL GREGGIO and with white plasticized non-woven fabric, with an insert in the heel area made of black polymeric material SUPPORT article 9614; <u>collar</u>: orange 395 A fabric CORDURA matched with beige fabric DRILL GREGGIO matched with foam material; <u>tongue/bellows</u>: orange 395 A fabric CORDURA matched with beige fabric DRILL GREGGIO, centrally lined and padded; <u>vamp lining</u>: grey felt KOENIG/C EVO; <u>quarter lining</u>: black CAMBRELLE non-woven fabric matched with dark grey foam MTP2; <u>insole</u>: white multy-layered fabric with black print, article WB FLEX MXC (LENZI), <u>which also serves as penetration resistant insert</u>; <u>removable insock</u>: thermo-shaped, perforated, made of green polymeric foam marked "VALFUSSBETT" matched with black fabric in direct contact with the user marked FIGHTER MEMORY article code VA17 with a zig-zag sewing with an antistatic thread and aluminum foil on the foot's forepart; <u>toecap</u>: composite material, article "R21" (PIDIGI).</p>	
Technical Standard:	EN ISO 20344:2011 (UNI EN ISO 20344:2012)	Personal protective equipment – Test methods for footwear
	EN ISO 20345:2011 (UNI EN ISO 20345:2012)	Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.	
Size range:	from 39 to 47	
Technical File:	DC-12971	
Test report:	RCT n°4110814/E	

EU Type Examination Certificate

Date: 2022/05/10

n. **734221901/OE**

Validity: 2027/05/09

Functions and performance levels:

basic requirements for safety footwear (SB) (see Table 2 and 3 of EN ISO 20345:2011): all mandatory ones, among which:

SRC = Slip resistance – meets the following requirement:

- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):

S3 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil, water penetration resistance and absorption (water-repellent upper), penetration resistance, cleated outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a stitched label and displaying the following information:

- **CE Marking**;
- Name/Trademark of the Manufacturer and complete address;
- designation of the footwear (alphanumeric article code);
- nr. and year of the Standard of reference + safety symbols;
- size of the footwear (printed on the outsole);
- production date (month + year);
- additional information: "Made in...".
